DETAILED ACTION

1. This is responsive to Applicant's amendment filed 03/29/06 of Application No. 10/011,852. This application contains claims numbered 12-19. Claims 1-11 and 20-37 have been canceled.
2. Claims 12-19 are allowed.

REASONS FOR ALLOWANCE:

3. The following is an examiner's statement of reasons for allowance: One major difference in independent claim 12 not found in the closest prior art of Jacobson (US 3,314,467); Muller (US 3,087,535); and Erickson (US 816,905) is that Jacobson does not teach a moving arm ring attached to the inner tube; and Erickson and Muller do not teach the moving leg ring attached to the inner tube. In fact, the "moving arm ring" of Jacobson attached to the rod inside the inner tube, not to the inner tube as claimed; and the "moving leg ring" of either Muller and Erickson, each attached to the rod inside the inner tube not the inner tube as claimed in claim 19, in combination with other limitations as a whole which is not found in Jacobson, Muller or Erickson either singularly or in combination to anticipate or render obvious the above limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
